

### A constantly updated weekly bulletin which builds up into a full monthly report

#### Q: What do I get?

A: A Word document with full coverage of Southeast Asia (Asean Region), Brunei, Cambodia, Indonesia, Laos, Malaysia, Mtjda, Myanmar, Philippines, Thailand & Vietnam

#### Q: What does this report contain?

A: ALL of the following:

1. SE Asia Statistical Summary  
(contracts, seismic surveys, exploration drilling, development drilling & production)
2. SE Asia Seismic Vessel Status
3. SE Asia Offshore Rig Status
4. Country by country full scouting report  
(country summaries, contracts, seismic activity, exploration drilling, significant field/downstream activity)

### **Q: What about data?**

A: The following year-to-date listings (in EXCEL) accompany the WEB:

1. Available Farmouts
2. Contractual Activity
3. Planned Seismic Surveys
4. Seismic Activity
5. Planned Exploration Wells
6. Exploratory Drilling Activity
7. Planned Development Wells
8. Development Drilling Activity
9. Production

### **Q: What about maps?**

A: A suite of general country maps (in POWERPOINT, courtesy of Deloitte) also accompanies the WEB

### **Q: How is this delivered?**

A: By email direct to your computer on a weekly basis (daily if required)

### **Q: Do I need new software? Can my colleagues use it too?**

A: All you need are the standard office programs.

NO PASSWORDS – NO DEPENDANCE ON INTERNET – NO USER LIMITATIONS

### **Q: Can I take just one country?**

A: YES – The WEB service can be catered to individual needs. Subscribe to as little or as much as you want.

### **Q: So how much does it cost?**

A: Please ask for a quote.
